

# CPD **LIVE**

Free CPD education online

This CPD seminar entitles you to 1 formal CPD point. Please be aware you are required to manage your own CPD records. We will provide you with your participation certificate and CPD evaluation based on our attendance records post event and your completion of the below questionnaire.

\*\*\*

**The below answer sheet is for your own self-assessment.**

**Please keep your completed questionnaires and answers on file for your record.**

**These do not need to be sent to the AIA or to CPD Live. CPD-Live will send you a Refuel certificate.**

## HOW TO HELP ARCHITECTS ACHIEVE THEIR OBJECTIVES THROUGH CLEVER DESIGN

Proudly supported by

**Tilt** The Built Environment  
Made Exceptional

- 1. What are the processes involved with designing new products so that they can achieve their aesthetic and practical goals.**  
New technology, computerisation, expert consultation.
- 2. What is and isn't possible to bring a new idea to manufacture?**  
Concepts need to adhere to financial constraints, relevant state codes and legislation and the makeup of materials
- 3. What other parameters can influence the design of a new product.**  
Budgetary constraints and locating a manufacturer who can interpret an idea and contribute to design or customise an existing product.
- 4. What are the available processes, expertise and materials for project and site that can address client and design needs.**  
Fully identify site requirements, client constraints, available materials that can interpret a design concept.
- 5. How do you achieve the best outcome for a project, site, environment and client when designing or customising various products for particular projects.**  
Collaboration of all available expertise, engineers and product manufacturer, awareness of environmental factors particular to a site and defining materials best fit for purpose.
